Innovative  
Beautiful Products  
Unique  
To Your Needs

# ABOUT US

Since its inception in 2006, SPS has become a key player in the printing and book production sector. Today, we provide an array of specialty and standard products, renowned for their outstanding quality and a distinct exclusivity that is seldom found.

We manufacture a wide variety of paper and board products, featuring an extensive range of print finishes, binding options, packaging solutions, and stickering services, all provided in various materials and tailored to different customized grades.

We are incorporating exemplary work practices, employing state-of-the-art technology, and refining our internal resources.

## Mission

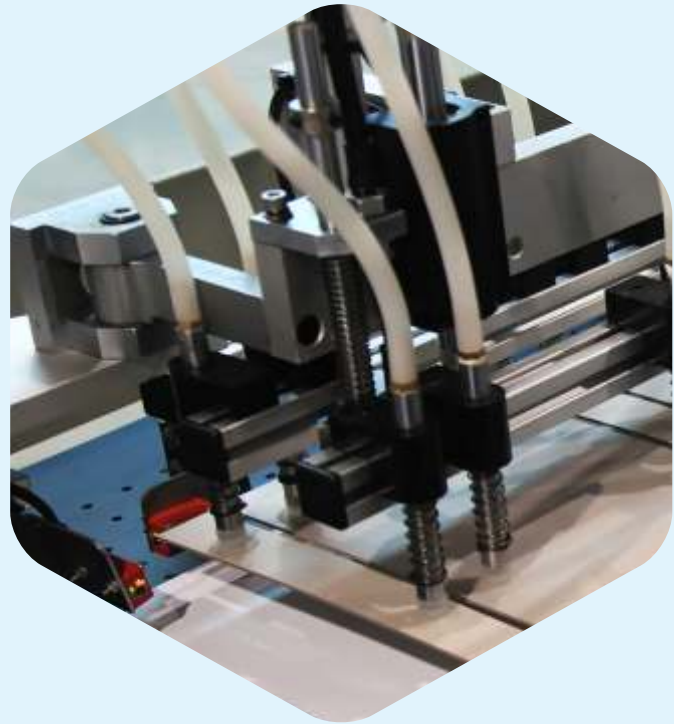

We are committed to Designing, Crafting and Delivering beautiful products that shine with uniqueness and longevity with excellent turnaround time and reliable delivery.

## Vision

We look forward to becoming your preferred print partner by delivering products customized to your needs well ahead of the time promised.

## Values

- Teamwork
- Customer focus
- Reliable Delivery
- Accountability
- Excellent turnaround time

**“ We pride ourselves on providing our clients with high quality products, excellent turnaround time, quick and reliable delivery and competitive prices.”**

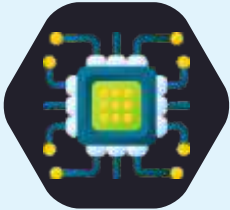

# WHAT MAKES US UNIQUE

*Our primary location Sivakasi has good connectivity by sea, air, and land and we have partnered with reliable shipping and logistics companies for distribution and delivery of the finished products and also for importing raw materials from abroad.*

## **Specialized & Passionate Staff**

We boast of a strong workforce consisting of highly skilled as well as specialized staff. As we provide innovative environment, the staff are always enthusiastic and passionate on the job.

## **State-of-the-art Technology**

Our manufacturing facility is equipped with all the latest machineries and we constantly upgrade too. This enables us to manufacture any product in quick time.

## **Quality Finishing**

We have stringent quality policy. With our multi-layered quality checks, we ensure all the products that leave our factory are error-free and of best quality.

## **Quick Turnaround Time**

With our highly efficient process management and strong workforce, we consistently supply finished goods at record turnaround time. We always commit to our time promise.

## **Storage and Security**

We value our clients data very much and so we keep them secured in our personal servers. We also handle all file formats that support images and text data.

## **Warehousing**

We have a large storage capacity and the clients can avail the facility to store both raw materials and finished products for a reasonable time. It helps our customers to save cost by procuring raw materials in advance.

# PROCESS OVERVIEW

## File Development & Management

We have a product design division which develops designs based on custom requirements of the client. We also do art reproduction and can handle files of almost all formats including JPEG, PDF, PNG, Coreldraw and InDesign files. Our information security system handles the client data with utmost care and keep them safe and secure in our exclusive servers. Our file development and management system is organized in such a way to provide complete peace of mind to our valuable clients.

## Planning & Production

The production process includes planning, procurement of raw materials, printing, finishing and binding processes. Our purchase department has an extensive knowledge about the raw materials and hence we procure the best available and at competitive cost, and thereby pass on the cost benefit to our clients. With our state-of-the-art printing and finishing facilities, we finish goods with top notch quality.

## Despatch & Deliveries

Our products have travelled all over the world, thanks to our wide range of clientele and our long-standing relationship with all major logistics and shipping companies. Upon despatch, we also provide tracking details, which help you track from your own convenient place.

# BRANDING

## Amelie

We also manufacture and market paper and board-based gifts and stationeries products under the brand Amelie. The brand Amelie represents elegantly crafted, speciality paper and board products from our prestigious house of Print Solutions. We design and manufacture beautiful unique products with multiple grades of material to satisfy the needs of individuals, companies and large corporate.
